	3001-3250 Sq. Ft.	$525	$50	$475
	3251-3500 Sq. Ft.	$550	$75	$475
	3501-3750 Sq. Ft.	$575	$75	$500
	3751-4000 Sq. Ft.	$600	$75	$525
	4001-4250 Sq. Ft.	$625	$75	$550
	4251-4500 Sq. Ft.	$650	$75	$350

HERS Certification requires a three step process:

(1) Building plans evaluation: Energy improvement measures are determined and will be checked during the insulation inspection. HVAC equipment sizing recommendations and Residential Energy Code compliance documents are available. (50% payment required)

(2) Insulation inspection: After the building has been insulated and before drywall is started.

(3) Blower door test: The house is completed and before occupancy by the owner. (Final payment)

* No significant changes have been made to the elevations or floor plan of the original building.

TERMS: 50% of the job cost will be billed after the plan review has been completed, balance will be billed upon final inspection of the building. ENERGY STAR Certification packages will be ordered and delivered approximately 2-3 weeks after final inspection is completed.
